TANISHK NAVLAKHE

Indore, India | +91 9175197337 | navlakhetanishk@gmail.com | linkedin.com/in/tanishk-navlakhe | github.com/Tanishk2006

SUMMARY

B.Tech Computer Science & Engineering undergraduate with cross-functional exposure in product management, data analytics, business process design, and operations. Experienced in requirements analysis, KPI-driven reporting, workflow documentation, and building data-informed tools. Open to roles across product, analytics, consulting, and business operations.

EDUCATION

B.Tech in Computer Science & Engineering | VIT Bhopal University *2023 – 2027 | CGPA: 7.5 / 10.0*

SKILLS

Product & Analysis: Requirements Analysis, Workflow Mapping, Usability Testing, KPI Tracking, Process Documentation

Data & Reporting: SQL, MS Excel, Data Lifecycle Management, Cohort Analysis, MIS Reporting, Dashboard Design

Business & Operations: CRM Workflows, Cross-functional Coordination, Stakeholder Management, SOP / IEEE Documentation

AI & Productivity: Generative AI (Claude, ChatGPT, Gemini), API Integration, Prompt Engineering, MS Office Suite, Canva

TRAINING EXPERIENCE

Advanced Software Engineering & Development | MP Online (Virtual) *Jun – Aug 2026*

- Managed end-to-end phases of a Library Management System — requirements gathering, scope definition, usability testing, and delivery — applying structured SDLC principles.
- Authored IEEE-format technical documentation translating business requirements into system specifications; presented architecture under live technical review conditions.
- Consolidated user feedback into workflow gap analysis and corrective action items.

PROJECTS

RetainIQ | *Product Analytics & BI Reporting*

- Built a BI reporting tool for 1,000 simulated corporate accounts — data lifecycle management, KPI calculations (CAC efficiency, LTV, churn segmentation), and automated executive strategy reports.
- Extended into an interactive employee dashboard with live-updating analytics and threshold-based anomaly flagging.

InboundLeadFlow | *Business Process & CRM Simulation*

- Designed an inbound lead pipeline covering intake validation, lifecycle assignment, and routing — demonstrating applied CRM workflow design and business process documentation.

AI-Powered Personal Finance Advisor | *Data Analysis & Decision Support*

- Built a personal finance tool integrating a rule-based KPI engine with Generative AI (Claude API) to transform structured financial data into personalised natural-language advisory outputs.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 – **Data Science Professional** | Oracle (valid Aug 2027)
- Oracle Cloud Infrastructure 2025 – **Generative AI Professional** | Oracle
- **IBM WatsonX Generative AI Professional** | IBM
- NASSCOM FutureSkills PRIME – **AWS Data Analytics Specialist**
- **IT Technical Support Professional** | Google

EXTRACURRICULAR

Backstage Operations Coordinator | School Annual Function & Teachers' Day Events

- Directed live backstage flows — performer sequencing, real-time cueing, and cross-team communication under high-pressure event conditions.
